Think it Over

Do you prefer to patronize Home Industry, or would you just as soon send your money away and patronize people at a distance? and would you prefer fresh, healthy vigorous trees or stock dried out and weakened by exposure through long or delayed shipments?

We have been with you several years now, and we want you to know that we will meet the prices of any competitor, sizes and grades being equal, and that we will always be glad to have you call upon us for help or advice. Do not place your order until you give us a chance to figure with you. Price sheet on application
